Mr. Wilson's Fluancial Scheme.

financial matters introduced in Congress is one by Representative Wilson, of Indiana, of which the following is the substance:

First-It repeals the limitation of the amount of national bank circulation, practically authorizing free banking. Second-It repeals the provision requiring national banks to keep a reserve on account of circulation, the idea

being that the bonds deposited will be sufficient security without the reserve. Third-The bill forbids national posits, or to receive from banks interest that the compilations published by the Bureau premature withdrawal and flight on crop of Minnesota will average a trifle on deposits. This, it is claimed, will may be full and trustworthy. The importance not drive depositors to private banks to to our country of this annual influx of forsecure interest on their money, while it will prevent the sending of money East by no emigrants from Continental Europe by the banks, where it will be used at have been more valued or more warmly welgreat risk.

The bill further provides for the creation in the Treasury of a fund, to be and French languages, it seems not only known as "the legal tender reserve of proper, but in a high degree desirable, that \$100,000,000." The mode of creating the natives of these foreign countries should this reserve is by requiring the Se > be supplied with information in their own tary of the Treasury, when the receipts in the Treasury are in excess of the and as new banks are organized after has been made, and will be submitted at an independent direction, a few of the best the passage of the act, to retire legal early day to Congress, with the recommendatenders until the amount added to those | tion that 50,000 copies be printed for distriretired and now in the Treasury shall reach \$100,000,000. To prevent contraction, it is further provided that the which is spoken not only in Russia and Poland, legal tenders shall not be retired faster | but in Bohemia, Silesia, and Moravia, countries than circulation shall be issued to newlyorganized banks. This legal tender reserve is to be used in this way and no other, viz. Persons, firms, or corpora-edition of 10,000 copies, printed by order of tions, by depositing United States bonds, may draw a like amount of legal tenders, and upon returning the amount received, with an additional amount equal to the interest accumulated on the bonds from the date of deposit to the date of redemption, may take up the that after three months, if the Secretary shall deem it necessary, he may, after giving ten days' notice to the depositor, sell the bonds, reimburse the fund by the accumulated interest, and turn the balance over to the depositor.

The bill also provides that the Bank Examiner shall examine and report whether loans or discounts are made by the banks on corporation stocks or bonds, and the amount of such loans; whether a bank has purchased such bonds, and the amount and kinds; and shall publish the report in some newspaper published in the locality where the bank is situated. This is to give depositors information as to the character of business the bank is doing; and that class of securities.

Former Chief Justices.

States is a respectable appointment, but not the best that could be made. When Grant was in the army everybody gave him credit for selecting the right man for the right place, and it is possible his traditional sagacity has led him federation. While he was Chief Justice of the United States, he was appointed by Washington Minis'er to England, the appointment not being at the time considered incompatible with his judibeen a member of the Executive Conn-Constitution of the United States, Min- active mind. ister to France, member of Congress, and Secretary of State. He was Secretary of State. He was Secretary of State when he was appointed village, county or locality. They spread wards was that his sales were steady Ontario, is Prince de Battenburg, of the Chief Justice, and he held both offices until the close of the administration of Mr. Adams. Roger B. Taney, the fifth Chief Justice, had been Attorney-Gen- quires for the village newspaper; if a idle behind the counters." eral of the United States and Secretary friend comes from a distance the very of the Treasury. Mr. Chase, the sixth next thing after family greetings, he inof Ohio, Senator of the United States and you feel discomfited if you are unfrom that State, and Secretary of the able to find a late copy, and confounded for the "bargains" which a fall in Germans of high birth, master of a that may be offered. Said everywhere. Treasury. - Milwaukee Sentinel.

The Christmas Tree. The Christmas tree is doubtless of German origin. Though in its present form it is comparatively of recent date, barefooted boy rather than an ignorant vet its pagan prototype enjoyed a very one. His head will cover his feet in high antiquity. The early Germans after life if he is well supplied with conceived of the world as a great tree whose roots were hidden deep under the earth, but whose top, flourishingin the midst of Walhalla, the old German par- desire for knowledge. Other things beadisc, nourished the she-goat upon whose milk fallen heroes restored themselves. Yggdnafil was the name of this tree, and its memory was still green day of Christ, who, as the God-man, is become the "resurrection and the life."

The evergree fir tree, an emblem of about \$488,000,000; in 1870 it had were to adumbrate Him who is the present time; but the taxation before remind us that God, in giving His only remind us that God, in giving His only minutes and seed the steady progressing up to the Jews and Arabs. Sulphafe of iron, five grains; pepper-the war was only a little over \$400,000 the war was only a little over \$400,000 through one of the principal thorough number, one drachm. The CHRISTIAN LEADER the most usual of Christinas presents \$20,000,000. apples and nuts; the former being considered as an emblem of youth, the latter as a profound symbol of spring, while the "boy's legs" relate to Saturn. who devoured his own children, and the Kropfel to the thunder-stone of Thor. -O. M. Spencer in Harper's for Janwary.

THE recent horrible poisoning case in Montreal, in which a dozen people plans have been prepar d by a London on the field. colchici upon the supposition that it the early English which flourished in was whisky, has a very useful moral for the thirteenth century. inconsiderate drinkers. The above people, who are flow all in the cemetery, found this drug, and, supposing it to be intoxicating liquor, went in and made a with cuffing a servant's ears "because might of it, carousing and drinking in a manner which it would not be complimentary to the lower animals to call brutish. The whole miserable crew, men and women, died before morning. The most of the whisky sold nowadays is sure to kill sooner or later, but little with the servant's ears "because she left a door open six hundred times," discharged the accused, on the ground that leaving a door open was a technical assault, as it involved bodily injury, and that therefore the cuff administered by the defendant was given in self-desistance, and then, with determined yoice, and the open you. The transfer of the open you, "and then open you," was the ominous reply: "I'm under you, "I'm unde

social parties of this des Among the several bills in relation to devote a night to drinking and make a serious and energetic business of it, should be particular in ascertaining whether they are drinking the right poison.

Immigration Statistics.

The report of the Chief of the Bureau of The importance of obtaining and publishing Statistics save: accurate statistics, not only of the ages, sexes and ports of arrival, but of the nationalities and occupations of the large and increasing number of immigrants, has imposed additional duties on this division. Special efforts have been made to induce greater accuracy on the comed than those who have come from Scandinavian countries. As translations of the retongue in regard to the United States.

Yielding to a request which has for several years been pressed with great urgency, a transbution in Scandinavian countries. An urgent demand has also been made for the translation of the report into the Slavic tongue, from which streams of emigration would flow to the United States if the necessary information were supplied to those contemplating re-Congress for gratuitous distribution in the United Kingdom of Great Britain and Ireland, s nearly exhausted, and a further issue of 5,000 copies of this report, with a map of the United States, is urgently recommended. As the report has been stereotyped, the cost of find themselves closely pursued, or Total 4,402,348. the paper, press-work and stitching would be small in amount. At no period has the demand for this document been more argent bonds. To prevent this reserve from than at present, and at no time have the benebeing reduced too low, it is provided fits resulting from its circulation in that country been so marked as in the recent past.

The number of male immigrants from England Scotland, and Wales during the last fiscal year was almost exactly the same as in the preceding one, being 51,121 in 1862 and 51,144 in 1871, and yet the increase in the skilled ocupations of the adults over 1871 was 2,681. The greatest increase was exhibited in the following trades:

Blacksmiths, an increase of 92; boilermakers, 36; brick-makers, 48; carpenter 376; joiners, 534; dyers, 22; gardeners, 107; jewelers, 46; manufacturers, 93; masons, 726; millers, 60; miners, 549; molders, 82; painters, 179; plumbers, 98; printers, 61; saddlers, 30; shoemakers, 160; spinners, 120; tailors, 38; weavers, 316, and wheelwrights, 74.

The immigrants from England included, also, many small farmers and some profes-sional and business men, bringing with them with them prisoners and captured thereby to deter banks from dealing in ready money to invest in United States bonds stock, is an event of the greatest im- deep-sea soundings of the Challenger tending immigrants, have been so extensive The nomination of Attorney-General as to considerably increase the correspondence Williams for Chief Justice of the United of the Bureau. The total number of persons of foreign birth who, in the year ended June 30, 1873, decided to make the United States their future home is 459,803, of whom 275,792 were males, and 184,011 females, being an increase of 54,997, or 131 per cent. over the immigration of the fiscal year of 1872. The largest increase from any country was 25,731, or 18 1-5 per cent., from Germany; while from aright in this instance, but we have our England, the excess over the previous year doubts about it. The six men who have | was 5,037, or 7} per cent., and from Ireland already held the position of Chief Jus-tice were eminent in public affairs be-France was nearly 59 per cent. The increase from France was nearly 59 per cent. being 9,317 in fore they were appointed, and have all 1872, and 14,798 in 1873. If the average value left brilliant records behind them. of an immigrant, as stated by the undersigned in the report above referred to, be \$800, the John Jay, the first Chief Justice, had economical value of this addition to our popubeen Governor of New York, its Chief lation in the past year amounts to \$367,842,-Justice, President of the Continental Congress, Minister to Spain, and Secretary for Foreign Affairs under the Continental will justify the expenditure of a sum sufficient tary for Foreign Affairs under the Con- for the diffusion of such information as will serve to increase the volume of this tide of

Cracked Heels,

egar Bitters are a purely Vegetable preparation, made chiefly from the pative herbs found on the lower ranges of the Sierra Nevada mountains of Califorbia, the medicinal preperties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, 'What is the cause of the unparaffeled success of VINEGAR BUT-TERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, qualities of Veyroun Burrens in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR EITTERS are Aperient, Diapheretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorifie, Alteratire, and Anti-Bilio
